

Recycled Microfibers

- Do not use as an oven mitt.
- Wash 3 times separately before first use.
- Liquid detergent is recommended.
- Do not use softener.
- Hang to dry or set on low heat if you use a dryer.
- Make sure the microfiber stays free of dirt particles as dirt particles might mark sensitive surfaces.
- Please also note the care instructions of the manufacturer of the surface to be cleaned. If necessary you may want to test the microfiber product on a hidden part of the surface.
